

On Guard Defense is pleased to host the

NRA Women on Target Instructional Shooting Clinic

Saturday, October 27 from 9:00 A.M. until 4:30 P.M.

If you're curious about firearms, whether for personal/home defense or just for fun, you don't want to miss this event!

Join Judi Phelps, NRA Certified Instructor, and the rest of her team to learn: gun safety; parts of a gun (pistols & rifles) and how they operate; gun handling & shooting fundamentals for pistols & rifles; and more!

After our in-classroom training, we'll head outside to the shooting range and everyone will have the chance to shoot a variety of guns including the much talked about AR-15!

On Guard Defense supplies everything you need to have a safe & enjoyable day including loaner firearms, ammunition, targets, eye & ear protection, lunch, beverages & snacks. This clinic is open to girls ages 12 & older and ladies of all ages! So bring your daughter, your mom, your grandma & your girlfriends and join us at the shooting range!!
